**Love!!**

**KID CRÈME SPF 50**

"This is so easy to apply and non-greasy! We use it on kids and adults and it doesn't leave a white cast at all!"

- *Serena, Verified customer*

[SHOP KID CREME](#)

**Convenient!**

**KIDSTICK SPF 40**

"My kids love the KidStick! They take it to school and the beach and have no trouble applying their own sunscreen."

- *Elizabeth, Verified customer*

[SHOP KIDSTICK](#)

**KIDS love it! Easy application!**

**KIDSPRAY SPF 40**

"My kids love this spray- makes application for my three kids much easier! I also have comfort that they are not breathing in aerosol which can be a problem with kids who have sensitive lungs."

- *Amelia, Verified customer*

MDSOLARSCIENCES®

## We Put The CARE In (Kid's) SUNCARE

Summer's just around the corner, time for fun in the sun. Whether your kiddos are going to camp, bound for the beach or headed for outdoor adventures, don't forget that essential SPF step. At MDSolarSciences, we know how hard it is to get children to wear sunscreen—but we've got your secret formula. Make sure they love how it feels.

### DERM TIP

Dermatologic PA, Sydney Givens shares essential sun protection tip for SPF usage with kids:

"You can change your child's future by protecting them from the sun and applying sunscreen on them now. If you're worried about sunscreen safety, stick to mineral sunscreen, and the MDSS Kids Crème is one everyone will actually enjoy applying."

## Kid Approved, Dermatologist-Developed

**All of our kid's formulas are:** Safe for children 6 months and older. Water resistant (80 minutes). Fragrance Free. Gentle enough for even the most sensitive skin types.

- **MINERAL KIDCRÈME SPF 50 - \$25**  
A gentle, lightweight and silky 100% mineral crème is perfect for kids and the entire family.
- **KIDSTICK SPF 40 - \$20**  
Grab 'n' go SPF stick with pure mineral active ingredients in a silky-smooth formula that easily glides onto skin.
- **KIDSPRAY SPF 40 - \$23**  
Spray before they play with a lightweight, kid-friendly, fast drying formula with a 360-degree continuous mist that applies easily and quickly for kids on the move.
